

In love with tanzanite

US-based gemstone expert AG Color Inc is offering a diverse collection of loose tanzanites, ranging from 5 carats to 200 carats as well as finished tanzanite jewellery.

The company is hoping to network with existing customers from China, the Far East, the US, Europe, South America, Japan and the Middle East.

Apart from single stones, AG Color is also presenting a large selection of perfectly cut and matched pairs and suites in various shapes and sizes.

"For customers who are looking for something different, we present fine fancy-cut singles and pairs, beautiful cabochons, buff tops, checkerboards and drops," AG Color continued.

The gemstone dealer has a large inventory of calibrated tanzanites, with prices starting from US\$5 per carat to US\$350 a carat.

Prices of 5-carat to 200-carat singles range from US\$75 per carat to US\$700 per carat.

AG Color is likewise showcasing rare pieces that sell for US\$1,000 to US\$1,500 on a per carat basis. Its fine tanzanite jewellery costs up to US\$50,000.

"We have a large selection of 10-carat goods most desired by customers from China and the Far East," the gemstone trader said.

New York-based AG Color is among the world's leading tanzanite suppliers. It has developed an

expertise in precision-cut calibrated and free-size tanzanite for more than 17 years, with an inventory that includes pairs, suites and custom-cut shapes and sizes.

AG Color has consistently won accolades from the American Gem

Sanjay and Hemant Phophaliya of AG Color Inc

Trade Association's Spectrum Awards in different categories. It runs factories in Jaipur, India and a sales office in New York.
